

Tactical Police Riot Shield & Helmets

Anti-Riot Equipment

Anti-Riot Shields

BCS Anti-Riot Shield is made of clear, anti-riot-resistant polycarbonate. A comfortable vacuum-formed arm rest is purposely fitted with a space between arm rest and shield providing impact protection for the arm. Spring arm fastener opens automatically on impact to ensure quick release if necessary. Aluminum handle is vulcanized providing a sure grip. Available on request with or without PVC-edge-profile also with or without baton holder.
